# SLX<sup>®</sup> 400

Excellence is a product of intention. The SLX 400 delivers personalized sport boat excellence to its owner. An orchestrated system of systems, the 400 can be outfitted to achieve your expectations of excellence on the water. From colors, graphics and electronics, to the power that moves you, the 400 will be exactly the boat you want it to be. With Next Wave™ innovations throughout and exceptional style and performance, you couldn't pick a better boat.

For entertaining, the expansive cockpit has a well-appointed wet bar with refrigerator, sink and available dual grills while the transom entertainment zone has comfy aft-facing seating overlooking the integral extended swim platform. But the most remarkable cockpit feature is the innovative new fold-down patio - a brilliantly designed wing of the hull that opens 90 degrees to expand the cockpit all the way to the water..

All-day boating is more comfortable than ever, and that comfort extends overnight. A spacious cabin gives boaters a place to get out of the elements with confident, assertive proportions and sophisticated finishes. This is no ordinary day boat: In the aft section, a queen-sized bed allows for overnighting.

Innovative standards found throughout the SLX 400 include an advanced Digital Dash interfaced through standard twin 12" Raymarine glass displays and Axis® propulsion with joystick control for effortless docking and maneuvering in the tightest of spaces.

The forward bunk converts from a social gathering area to a wide bed to sleep additional passengers while an elegant enclosed head ensures comfort during extended outings.
