SOLARIS: SINCE 1974
QUALITY, SEAWORTHINESS
AND ELEGANCE

The boatyard's reputation, founded in Aquileia more than 50 years ago, is better known among German, Swiss and Austrian yachtsmen than it is in Italy.

Right from the beginning, the company's philosophy has been the building seaworthy, solid and secure sailing boats to the highest quality standards, capable of challenging the prestigious Scandinavian and Dutch yacht builders. Fittingly, Solaris claims that our yachts are also: "Built for mariners".

Its volume and revenues increased fivefold in just a few years and

today it is the European leader in the category of top-class sailing boats from 50' to 110'. There are not many boatyards left today, who can combine leading-edge technology with traditional craftsmanship of detail and finishing as Solaris Yachts does.

Since 2008 Solaris also operates a production unit dedicated to motoryachts from 44' to 100', including five 90' luxury displacement motoryachts for an internationally renowned brand.

This facility is now the builder of the new Solaris Power range, to the same exacting quality standards of Solaris sailboats.

TRADITIONAL CRAFTSMANSHIP

There are not many boatyards left today, that can combine leading-edge technology with traditional craftsmanship of details and finishing as Solaris Yachts does.

THE LOBSTER BOAT HERITAGE

Solaris was among the first in Europe to build a lobster boat, the 47-foot Express Cruiser, by Bruce King, designer of the famous American Hinckley line.

SEA PERFORMANCE HAS ALWAYS BEEN OUR FIRST PRIORITY THIS IS WHERE WE INVEST OUR BEST RESOURCES

SMOOTH SAILING THROUGH THE WAVES AND A DRY DECK IN CHOPPY SEAS

The sharp shape of the bow and the pronounced flare, softens the passage through the waves and keeps the deck dry also in choppy seas.

GREAT STABILITY WHILE CRUISING AND AT ANCHOR

The hull shape guarantees safety, great stability and comfort when cruising and at anchor, without the need for stabilizers.

LOW FUEL CONSUMPTION RESULTING IN EXCELLENT RANGE AND REDUCED CO₂ EMISSIONS

The advanced studies on the hydrodynamics of the hull and the correct balance of weights ensure low fuel consumption, resulting in excellent range and reduced CO₂ emissions.

EFFICIENT CRUISING BOTH IN DISPLACEMENT AND IN PLANING MODE

Unlike ordinary boats with planing hulls, Solaris Power are capable to cruise steadily and without roll even in displacement mode.

THE LATEST PROPULSION TECHNOLOGY

Solaris Power yachts feature cutting-edge propulsion working in synergy with the shape of the hull. This is the outcome of intense collaboration between Victory Design and Volvo Penta. Since 2005 Brunello Acampora has been studying shapes that are optimised for the

IPS, including 'azimuth pods' for planing hulls; having found they generate huge performance improvements. Moreover, the compactness of the propulsion apparatus yields a noticeable increase of living space: the interiors of these boats compare favourably with much bigger

yachts, and make the tender easy to stow, launch and haul.

EASY DOCKING THANKS TO THE JOYSTICK

Docking manoeuvres are simplified thanks to the joystick and the azimuth pods, even with a single person at the controls.

LOW NOISE LEVEL AND ZERO VIBRATIONS

The absence of the rotating masses of the shaft line and the engine exhausts in the propeller pods ensure absence of vibrations and low noise.

SPACIOUS AND WELL VENTILATED ENGINE ROOM

Offering easy access to the engine itself and to the other systems.

INNOVATIONS FOR MORE ON-BOARD COMFORT

WALKAROUND

The decks of all models include lateral walkways that afford easy and safe movement from bow to stern.

VERY LARGE SUNBEDS

All Solaris Power have the bow sunbed. Open models also offer an aft sundeck.

TENDER GARAGE

Under the aft opening sundeck there is a large garage that can be used for the tender and various water toys.

HYDRAULIC GANGWAY

The hydraulic gangway turns into a comfortable swim ladder.

LAYOUT IN MULTIPLE VERSIONS

The internal and external layouts are available in several versions to suit the tastes and needs of owners.

GREAT SEAWORTHINESS AND CLASSIC, UNMISTAKABLE ELEGANCE

These are the key features that define the Solaris Power range since its beginnings.

SAFETY AND COMFORT WHEN AT SEA

Thanks to the deep V hull and accurate balancing of weight the boat sails smoothly through the waves. The walkaround guarantees free and safe movement even in choppy seas.

GREAT EASE ON DECK

Extensive living area with direct access to the kitchen, wide cockpit and a generous sundeck astern.

GREAT EASE BELOW DECK

Three double cabins and two bathrooms with enclosed shower and tender garage. Unique roominess for such a sporting boat.

THE MAIN COMFORTS ONBOARD

WALKAROUND

The deck includes lateral walkways that afford easy and safe movement from bow to stern when at sea.

TENDER GARAGE

Under the aft opening sundeck there is a large garage that can fit a water-jet tender and various water toys.

TENDER LIFT STERN PLATFORM

It can be used during all nautical activities on board: lifting and launching a tender, a jet-ski or sea bobs, as well as a swimming deck.

HYDRAULIC GANGWAY

The hydraulic gangway turns into a comfortable swim ladder.

60

LONG, COMFORTABLE AND SAFE CRUISING IN ANY SEA CONDITION

The boat sails smoothly through the waves and the deck stays dry thanks to the deep V hull, optimal balance of weights, low centre of gravity and the 60' waterline length. The full walkaround guarantees easy and safe movement from bow to stern even under sail. All of this makes the new 60 Open a real "queen of the sea" with a top speed of 40 knots.

EXCLUSIVE LUXURY AND ENJOYMENT AT ANCHOR

Thanks to the large tender garage for an hydro-jet and water toys, the lift platform for jet-skis, the hydraulic gangway that turns into a comfortable swim ladder and the relax areas on the foredeck and astern.

ALL THE COMFORTS FOR AN ONBOARD ENVIABLE QUALITY OF LIFE

ROOMY INTERIORS FOR LUXURIOUS LIVING DURING EXTENDED STAYS ONBOARD

Full-beam master cabin, optional 3 or 4 cabins with adjoining bathrooms with showers. Independent crew accommodation.
